My Love for the Beloved is a Necessity
The symbolism contained within this very short, but eloquent Poem by Farzana Aqib is not only Biblically significant, it is also remarkably relevant to all humanity, especially today.

The Poetess, in my opinion, has centered her Poem, a beautifully crafted "wet memory" for a thirst parched, tear stained Soul, seeking Love from her Beloved, in a harsh, hot, and barren desert environment, as depicted in the picture, on basically, a simple desert shrub, "a shadow of a dense tree" with the name Rosus sanctus, or "Burning Bush".

The biblical notoriety of the bush stems from the inherent ability of this bush to burn, but not be consumed by the flames in which it was engulfed., during a conversation on Mt Horeb between Moses and God.. the Voice calling out from the "burning bush".

If anything, the living, thread bare bush thrived on, and was apparently sustained by the flames.

This is in my opinion, what is symbolically relevant ...when applied to humanity, today.

Symbolism

Although scholars have extensively studied the symbolism associated with the "burning bush", one general, lasting conclusion, when applied to Love, may be....

Those, who burn in the flames and passion of Love...a Love that is a "necessity" not an "accessory" in the words of Farzana aqib, for the Beloved, and are not consumed by these flames...but, who are transformed by the very flames of this Love, will be saved and those, who are consumed by the flames, and are not transformed, will perish.

Thus, we as humans must not only be seduced and intoxicated by the flames of Love for our Beloved and not at the very same time, be consumed by these flames of euphoric Love,... must also be transformed by our feverishly obsessive passion for God, our Beloved, in both our thoughts and in our deeds.

One day the sun admitted

I am just a shadow

I wish I could show you

The infinite incandescence

That has cast my brilliant image!

I wish I could show you

When you are lonely or in darkness

The Astonishing light of your own being."

Hafiz.

It is an astonishing light in the soulful poetess

Farzana Aqib's heart to feel for Mankind. She is

gifted by the Almighty to have a compassionate

soul. And it is her fervent hope to devote her

precious time trying to bring out that empathy

from other fellow beings:

"I wish you could feel

The thirst of desert

Or the hot midday light

I wish you could feel

The shivering of the frozen lakes at night

She can feel the sufferings of the homeless.

I wish she could feel the wounds of

An injured deer in his struggle

With a lion fight.

This scenario depicts home violence.

And how human beings suffer due to this

abuse.

Hence to her if others can also see and feel as what she's seeing around her; together they can feel only the Almighty can take control of this.

*" So you would never thought of being apart."
When He is with us all struggles can be resolved.*

Miraculous. I learn something new in mystical poems of Farzana Aqib . The image that sticks to mind is how we should try to emulate a reed flute and let God's breath flow through us. By Nadia Syed

[8:53 pm, 01/12/2021] Hassan abbasi: The artistry of farzana Aqib's poems its tapestry of language is unparalleled.

If the universe could speak, this is what it would say.

Stand tall

*Winter summer rain and fall
Let the nature descend them all
Wrath rage blood and war
Fire, flood, storm and draught
Never scum in the hands of adversity
Always fight and stand tall
Extend thy hand and Pull my pal
Together we can raze a wall
Listen my unsaid feel my pain
Without my whisper, give me a call
Forget about lost
Forget about gains*

*Life is a mystery an unfold game
Nothing is big, nothing is small
Humanity is pinnacle
And above all*

Farzana Aqib

A stranger in my heart

*A stranger in my heart
Left all the strains all the mark
A stranger in my heart
God knows from where
Come to disembark
Like a Lord in Royal Ark
Stranger in my heart
Came creeping from a scornful dark
To melt the snow in the woods
To burn the candles with a spark
Stranger in my heart
Left at last
On his horse on the dusty path*

*Leaving his ting on my cheeks
In my eyes a transient spark
And a fading echo of
Mourning Birds
Of few sparrows and of lark
And a distant howling of the wolves
And a growling greyhound's barks
A stranger in my heart
Left a strange pang and mark*

Farzana Aqib

New Beginning

Meet me where despair

Meet hopes

Where end writes new beginning

Farzana Aqib

Hello October

Hello the first ray of October

Hello the advent of winter sky

The hot and humid almost over

Welcome to the first Autumn crop

Filled with anticipation and hope

Welcome to the red smile of carrot

A kiss to bursting cheeks of tomato

The winter seeds are popping out

The hand of new year is

On our shoulders

Hello the first ray of October

*We have lived another summer
We are entering another winter
We are sober and slightly older
Hello the first ray of October
Bring us peace, Bring us comfort
Give us plan, give us aim
This New month won't be the same
Give us snow, give us rain
Let's start October
in the Allah's Name*

Farzana Aqib

I am alone

*Seeing the distant mountains'
pinnacled White and dense
snow is heavy and being thicker
The streams are flowing
no more bigger
Winter is on set
Fall is gone
When will you come
I am alone
Night is falling
Woods logs are burning
red and warm*

*Birds are flocking back to home
Where are you my love
Where have you gone
Seeds shot saplings
Plants are sown
Which last summer
We both have grown
Come back soon
I am alone
I am tired to my bone
This story of hearts you must own
Don't you act as a man unknown
Human heart is different
From crag and stone
Never make it bleed
Don't let it moan*

Farzana Aqib

Sin of love

In the sin of love

Long ago, ever since

Buried behind the wall

On the promise of a prince

Conundrum

*When will you come
Night is dense
And silent suffering is intense
The barrier you built
without walls and fence
From a yard length dwelling
To a thousand miles
Heartfelt distance
Don't make any sense
It seems like a shabby pretence
You don't understand the conundrum
How I am being devoured*

*By this giant love goblin
This pain of deceit is
Unbelievably immense
Thanks you dear love
But not again*

Farzana Aqib

Too saintly

*No one loves, that long
No one comes along
No one gives shelter to the one
Who did wrong
No one is me
No one is you
You stabbed my heart
You mocked my love
Amidst a frenzied throng
I still walk along
And I still write your song
O' my deceitful heart
O, sweetheart
No more please, No long,
His love is turned stagnant
Don't trust that vagrant*

Farzana Aqib

Courtesy

Like a waft of fresh air

Your memory comes to greet

Every morning

And says hi

And like a milky haze of midnight

It leaves with a warm goodbye

Farzana Aqib

Despite being victor

Real freedom is

To let go and grow

Never throw a seed of revulsion

In the land of heart

Loathing distaste

Never let grow,

Be at the pinnacle

Yet play in low

Despite being victor

Despite being trumpet

Never open thy winning cards

In one show

Don't cook revenge

Don't stir Doug

Let it go, let it go

Farzana Aqib

One sided love

*My love was one sided
So was the pain
You were never in the scene
Never in the game
An illusion was loved
A self carved idol was worshipped
An imaginary beloved was upheld
A story was written on a hero
Which was fictional not real
A poem was sung for someone
Who wasn't bona fide*

*Never was actual
Like Rome was there but not Nero
Only a sketch was there
A face was Painted on a canvas
One painting was hung on the walls
You were never there
You were never real
You were invented
You were fictitious
You were my imaginary mythical
A story which was so romantic
Yet not logical
A story written somewhere
While sitting On a red chair
Was will-o'-the-wisp
Delusional and uncleared*

*You were only a name
I murmured in the air
My love was one sided
My heart was so misguided
Between truth and illusion
My reality was divided*

Farzana Aqib

Last time

*Even if it was for few seconds
I tasted the fire of your love
The flame of thy love
Will keep me high
Over the moon and above
That one moment of love
Gave me life
From beneath the earth
To above the sky
Like a mayfly
I don't regret being destined
In five seconds to die*

Farzana Aqib

Chameleon

*You are chameleon
You change avatar
You come in disguise
You avert shapes and names
You divert days and nights
You convert misery
Into contentment
And glee into doomsdays
When sun arise on sky
You camouflage you hide
When moon shines in the nights
You arrive
Between existence and non existence
You are somewhere*

*Dwellings deep inside everything
Unseen yet scattered everywhere
You are the one
From this end to the another edge
From east pole to the North Pole
All stretched all extent
Within such derwaish avatar
You come you went*

Farzana Aqib

Delirium

*I still pinch myself
I still ask my dreams
Was he real
Was he existing
Or was I drown
Into the intoxication
of my inner realm
Half burnt and half green
From reality to the delusion
Somewhere in between*

Farzana Aqib

*You were a moment
I held for centuries*

Farzana Aqib

Bewilderment of hearts

Hiccups of the last traces of love

The squeaks of demolishing

Heart's empire

The crying of bowdlerising text of love

The whole universe is bewildered

How twofold hearts

And threefold souls

Could ever be separated

And If, then what will left behind

An empty hollow place

A plain sheet of dreams

*And a shelter less abode
A hidden storm brewing
That will be called ruin
A flash without soul
And some unknown
Hypnotic undoing*

Farzana Aqib

Reality

Indecisive love in youth

Uncertain claims of

adolescent heart

Like a stir of substance

in a glass

When settles down

Age move past

Only regret stays on

Not the loving counterpart

Farzana Aqib

Courage-less

*Unspoken love
Yet a desire so profound
Conveyed through eyes
Like a spark of fire
Burnt the whole attire
Yet words still fumble
Souls are naked
Hearts are exposed
And tongue is unexpressive
Not willing to admit it
Love exudes from the aura
Like a waft of scent
It reaches to the one;
It meant*

Farzana Aqib

I will be there

*I sent you a message
In a hand of a friend
I am waiting for thee
On the same road
On the same bend
Where you left me alone
Once unattend;
I will be there
With the remnants of my breath
With a hope unspent
I will be there
Till the end*

Farzana Aqib

Taj Raj

That one mausoleum

That one symbol of

Love extreme

That comes often in my dream

What does it mean

People call it Taj

A story woven in olden days Raj

A story of a king and queen

I am seeing this dream

Ever since I was sixteen

*What does it mean
It follows me every time
Every day, each evening
It's on my mind
It's always has been
What does it mean*

Farzana Aqib

Chaser

*One moment of love
Will continue its Chase
Till blue in the face
Until the last kingdom come
Until the deed is done
To the doors of heaven
Or to the valley of hell
Love attained to the Eden
Unrequited in the coffin*

Farzana Aqib

Constant

Near or afar

Love will chase you

Wherever you are

Farzana Aqib

Selfless

Love begins

Where hate ends

Freedom arrives

Where self is denied

Pain evades

When heart quest

No longer pervades

When soul seeks divine

And leaves the worldly confine

Farzana Aqib

Broken Heart Shine Like Stars

*A Biggest debacle comes
With Two hearts' encounter
And the biggest salivary commence
When one volunteers himself
In a lifetime love sentence
One love story
Represents hundreds hearts
One broken heart shines like stars
One man's Hearts' story
Is universal love philosophy
Parallel to Big Bang theory:*

Farzana Aqib

Out of love spell

Like a calm surface of a lake

Like the stillness of the sky

No breeze, no fluff of clouds

All blue all plain

Like my pacific inner regime

And a low rhythmic heart

Pure and red Ruby crest

Without any stains

I feel, I am sitting in the Eden gardens

On the seven heavens

Floating on the Elysian Fields

*With nightingales singing
With fairies fluttering in a gleam
Streams of heavens flowing around
Honey and Pearls being gifted
Today I reached out to the Pinnacles
Of my lost Nirvanic peaks
Today I gave up your desires
I am freed from love chained feet
From shackled cuffs and heels
I am freed from thy love slavery
I am back to promised lands
I am out of worldly needs
I forgot my heart and it's deeds
I forgot you my darling yes indeed
Thank you my love
For opening the door of the cage*

*Thank you for burning the old page
Thank you for letting me fly out
And making my heart move on
Thank you for saying no
Now I could fly on and on
Look my tiny wings are grown
And afar on the horizon
The shades of new dawn are shone*

Farzana Aqib

Is anyone Awake

*The walls are sprinkled
With fresh reminiscing blood of heart
Someone has gone
Beyond the limits of time
Past is waving from the stars
On his eyelids
Is anyone awake today
In the regime
Of golden stories
In the glares of gone times*

Farzana Aqib

Act Like a Fast Running Moon

On the journey of life

Like a traveler of a faster train bogie

Don't cast away from eyes

Don't fade away in time

Life moves on

It doesn't register the the fast moving

realm and sphere

Be like a moon which travel along the

The journey

Follow the track from sky

and never leaves behind

Farzana Aqib

World

Altar egos

Fake face

Burnt with hatred and mix rage

Empty hearts and adorned facade

Prisoners to the falsehood cage

Hidden behind the exterior polish

living inside the counterfeit age

See the drama live and candid

Stand outside the gimmicky play

watch the game without a say

Rise the curtain from the stage

Barren eyes hollow cage

Empty stomachs without wage

*Darn to the riches
And fake sage
Come my pals
Come my friends
Join our hands to turn the maze
Fight together A humanity case
Speak aloud and shoutout
a voice for deprived, we must raise
Give the honour to the bravest
Sing a song in his praise
Pave a pathway to right ways
Bring an end to corruption days*

Farzana Aqib

Yes We Do

*Without thy love
I am frail and thin
I don't want to quit
in the midstream
I want to feel the warmth
Of your heart
So to grow extreme
I want to feel the spark of your eyes
I want to feel the silk of thy skin
I want to go inside your heart
I want to jump in
I want to drench my soul
In the waters of thine love*

*To wash all the grime
To become saintly clean
I want to hold you, dream within
Be reality one more time
Not dwelling in the past
To what had been
I want to stand with you
On the pinnacle of ridge
To shout out loud
To hear our echoes
Drifting in the valley
"Yes we do"
Together we scream*

Farzana Aqib

“Slave of love”

Go as afar

As you could drive your car

Pull thyself as distant as

Allows your utmost power

Your unfaithful trait

Your fickle tact

Can't deviate my faith

And reality check

Love is more powerful than craft

More horrific than fear

More disciplined than revolt

*You are playing tug of war
You are pulling yourself afar
But don't you dare forget
One powerful affect
One pull of my strong love
Will tumble the seesaw at my side
Make the game upside down
You will be fallen in the
Territory of ours
You will be mine as a bounty of war*

Farzana Aqib

Conscious call

Go my darling enjoy your speed

Go Celebrate your freedom

Go Celebrate your life on full crease

Drift on the earth

Walk on the clouds

Avoid thy feet from the weeds

Blindfold thy reality

Fake your identity

Yet A voice will continue whispering

to make you feel freak

A memory will chase you to wreck

*When you will be tried of thy flight
When your wings will be broken
And fully fatigued
When age will take its full toll
And you will halt your speed
When you will be all alone
I will come to say hi to my meek
I will knock thy doors of conscious
I will smile in your dreams
I will ask all the question
All the answers I will need
You will never be able to sleep
Then thy soul will judge
thy own creed
You will cry for sure; indeed*

*When day will be gone
And night will be deep
My memory will slowly
yet steadily Will creep
You will have no one you need
You will reap the fruits of thy deeds
Your heart will cry
Your eyes will bleed
You will seek forgiveness
You will plead
Go my darling enjoy your speed*

Farzana Aqib

Go to Hell

*In the deep well of time
I buried all the injuries all the swell
I threw in the junkyard
All my heart's buy and sell
The reminiscent of the love
No more exist here no more dwell
Ohh pain of heart go to hell*

Farzana Aqib

Hidden Treasures

*Under the copious layers of time
There dwell a hidden memory
Faded under the thick coating of dust
The story of my heart
I don't duster
I don't trust
It may emerge on the surface
It may agin deeply hurt
I don't want my cleansed heart
Again Get Trampled in the dirt
I don't wanna stir my inner storm
The hidden flooding of my heart
I don't wanna hit
Some Sudden eruption*

*And some spurt
Let the past buried in the past
Don't let his memory trespass
Be on toes, stay alert
That prevailed peace
That hard attained calm
One spark of remembrance
May air the flames
And the composure of emotions
May get burnt
I want to linger on and on
In my solitary den of my solace
In my lonely heartless purt
With any heartfelt pains
Without any remorseful hurt*

Farzana Aqib

One day we will meet

*One day we will meet
In a burning desert's heat
With our Blistered bear feet
In the evening of some winter gloom
At the end of some dead street
One day we will meet
Behind a dried well
Under an autumn stricken tree
Behind the golden swaying
Grains laden wheat
One day we will meet
With regretful faces
And tears full eyes
And in each one's soul*

*For some refuge to seek
One day we will meet
On the doors of destiny
On the paths of streams
In tangled green bush streaks
To dance the night away
on the fumbling feet
Once again the rebirth
of some forgotten love
Emerge from clouds of deceit
With a thousand shining star
And a some angels fleet
One day abandoned
souls and hearts, will entreat
As barren earth and rain-filled clouds
Graciously Meet and greet*

Farzana Aqib

That's How My Heart Was Stolen

*That's how someone was found
walking along the road
Touching my soul deep down
That's how my heart was stolen
I was seeking someone's love
So deeply, and profound
I tried to unfurl vibes of love
Four ways and all around
That's how I was betrayed
By flying into fall promise
And leaving my solid ground
That's how all the melody of the world
Left me deaf*

*I was dancing on someone's sound
Let me gather my wilting whims
And drag me out
From the despair mounds
Before life leaves me
Shockingly astound
And completely drowned*

Farzana Aqib

Time Clock

It takes time

For time to pass

It takes days

For wounds to heal

What to do

During that one time

To reach another time

Pains is hooked both ways

Pendulum kisses

The both extremes of clock

Farzana Aqib

Sunken Boat

*You are long drifted
From my heart shores
I know you are no more
Time played its role
Wounds don't feel sore
I don't look at the door
I don't bother why
Phone bell is ringing for
Now no one dwell
And no one exists
In the deep hearts core*

*I don't love anyone
I don't trust anyone
Like A naive I was before
And this one emotive word love ..
Rather makes me feel bored*

Farzana Aqib

Prayer

Before the earth completes its spin

And sun ends its turn

I Wish peace for all the hearts

Love for everyone

For in this combatant life

Only love is required in the longer run

Farzana Aqib

Jolt

*In the deeps of my soul
One voice that speaks
Always felt, and never seeks
That melodic whisper in my ear
A squishy kiss on my cheek
A feel of love so strong
Yet a moment of heart so weak
A love encounter for few seconds
But quivering stays hundred week*

Farzana Aqib

Killer eyes

Killer eyes

Still at large

No offence no charge

Must be shining amidst the stars

Killer eyes still at large

Halt them chase them

Wherever they are

Case them behind an iron bar

Away from hearts

Distantly afar

Killer eyes may cause the war

*You don't know my pal
What they actually are
They spelled me in the first encounter
They caught my soul
In a cookie jar
Like a bottle jinni
They knock me down with a spar
Under that enchanting spell
I went too far
Killer eyes still at large*

Farzana Aqib

I don't sleep

I don't sleep

I walk in the woods

When nights are deep

I am a dreamer

I don't sleep

I see dreams with my open eyes

I knit dream with my conscious mind

I travel my dreams

With the ray of light

I can't sit, I jump and leap

I don't sleep

I go miles like some frisk

*I don't crawl I don't creep
I want to reach at the top of the peek
I don't halt I don't speak
I love walking past all big streets
My travels are my fate
I pell- mell my tread
Like an hasty freak
I don't sleep
I chase my dreams
I disown destiny
I travel non stop
Everyday of the week
I hiked the mountains
Low or steep
I float on the streams
Wild and deep*

*I feel much mightier
And no more weak
I don't sleep,
I have some targets
I have some promise
Within myself, to keep*

Farzana Aqib

I hate perfection

I hate perfection

I want to see

who the real you

Don't try to leave any impression

I hate perfection

I hate painted facades

I love ancient places

I love ruins

To see how the strong building

was built on the foundations

I hate perfection

I want to see who the real you

*I love silver when it's tainted black
I love the smell of terracotta
When it's not moulded in brick
I love the grazing cows
When they are not hooked
I love earthen wears
I love smell of burning wood
And food on it being cooked
I love fields I love nature
I hate cities
I hate perfection
I feel like sleeping on a Reed mattress
I feel like wearing
A village spun clothes
I like lanterns
I like sneaky lanes*

*And all muddy turns
I hate concrete
I hate roads
I want to live by no man's code
I hate cities overflowed
I hate spas and saunas
I love tube wells
I hate new trends
I want simple and true friends*

Farzana Aqib

Confession

*I will not let you spare
Get ready and prepare
I will hold you accountable
For all my tears
For all my pains
On the day of judgment
We will meet
Eye to eye
Stare to stare
God will be our witness
Only he will be near
O' My unfriended dear*

Farzana Aqib

Mighty justice

*I know my plea is always heard
A verdict always comes in my favour
I will be given justice sooner or later
My attorney is very learned
All the honours he earned
My innocence speaks no word
Yet it attracts the whole universe
A whole commune it always stirred
Thanks to thee mighty justice
That my voice is always heard
Tell my murderer don't celebrate
Now he needs to be feared*

*All the titles will be snatched
Mistakenly which were conferred
Be prepared for the mighty justice
Be informed
You will be caught now onward
On the day third:*

Farzana Aqib

Night of Blessing

*Tonight is a night of blessings
Tonight is a first night of fresh moon
I raise my hands in forgiveness
I raise my hands for prayer
I seek patience and forbearance
For my hurtful vengeance
Please grant it ... for you can
Let me forget the pain of heart
That misery of a lingering year
Let me forget that one face
That one name,
That one pain
That one that only one...
And None other than..*

Farzana Aqib

Win

*Tussle between two giants
Mind says leave
Heart persists stay
Love is stronger than the pain
It suffers yet retain*

Farzana Aqib

Bagger

Love always win

No matter how hatefully you scowl

It will not leave your heart

It has no dignity of limb

Despite all the pain it will grin

All the hurt it will revel in

Farzana Aqib

Unfortunate

*With the hue of betrayal
My Heart is turned grim
Eyes tearfully brimmed
Shine of face is turned dim
Despite all the treachery
It still trust on him*

Farzana Aqib

A Self question

Dark and grim

Sky is dim

No moon no starry wink

Pain is oozing from limb to limb

Without you

Everything seems grey

Will I ever be again?

Laugh and grin

Farzana Aqib

Search

*No desire left within
I probably forgot to grin
I turn and see every face
Wishing, it's may be him*

Farzana Aqib

Pursuit

*Looking for him
In every face
Follow the strangers
with anxious pace
Looking for him
From place to place
Feeling no hurt
No disgrace
Thy love fixed me in a
Life long chase*

Farzana Aqib

Love is giving hand

*Love is not a give and take
It's only loving kindness sake
Love always showers
It's outwardly flows
Like a fresh water lake
Like a warm ocean
Tide on tide
Throwing treasures
With no intake*

Farzana Aqib

Destiny Stricken

*Why should I blame you
We all are destiny stricken
All soaked in tears
And frightened
No one hurts no one
It's an order must be done
Every move is predestined*

Farzana Aqib

Inheritance of love

O, innocent angelic girl

O' treasurer of cache

Of abundance love and warmth

Where are your troves?

Why are you standing empty hand?

Where you lost

Thy diamonds and pearls

All you bought from the

Barons and earls

Who snatched your smile ?

My angelic girl

You were in the city of bandits

*Why you exposed thy glimmer of heart
Thine innocent treasures
of brimming love
They came they stole then ran
Those inhuman social whirls
Life is not that straight game
It's full of gimmicks and curls
O' innocent angelic girl
Where you lost your
Diamonds and pearls
Go back to your land
This is not your world
That far distant vast of thine
Where milk and honey canal's twirl
O' my innocent angelic girl*

Farzana Aqib

Transcending

*The spirit of change has come.
A transcending mood is descend
This love has tested us well
Like a wayward gypsy
I wander in vast
I drift, with love given task
I dance on hey
In No place I stay
In no heart I dwell*

Farzana Aqib

None still

*Life changes its cloak,
Love changes its payoff,
Everything changes in this age
Yet the sun stays where it was,
Like a monk in its orange glaze
And the colour of my heart
Ever seems to be the same
Never change
With one name
With one picture painted on
With the same old frame
Snared in there
In the old love game*

Farzana Aqib

Deceit treat

When time changes,

Everything changes.

Love is also a promise.

It is about to be forgotten.

It's about to be faded

When treachery marks its advent

Every feeling is plunder

Every promise is invaded

Farzana Aqib

Last Chance

*Last hiccups of love
Before the last breath
Last chance to survive
Before the untimely death
And a trail of never ending regret
Let's fix, let's confess
We do love, yes.....*

Farzana Aqib

Faith

*You will never forget
Me and my love
That believes is enough
To live the days which are left*

Farzana Aqib

Miracles doth happen

*Your love don't let me die
A hope never says goodbye
That little hope
You gave to the heart
That little hint through your eye
Keep me happy and always high
Your short lived love and.. I
My faith into miracles
Don't let me cry
Like an Acceptance to a big lie
Like an earth thinks one day
It will embrace the gigantic sky*

Farzana Aqib

That Silent Love

Those Unsaid words

That Untold wish

That silent love

And calm gesture

It still loving you

It's still missing you

Farzana Aqib

I am Scared from my heart

You are scared from world

I am scared from my heart

I will not spare me

Without you it will dare me

It won't let me breathe

Like a haunted place

It will scare me

It will jump out of my skin

It won't let any glee come near me

Farzana Aqib

***Take my prayers
Before you leave***

*I know you want to live
I know you want a new start
I know you want to snuggle
In a new heart
Of some new sweetheart
I know you want to close all the doors
To push further afar and farthermost
An unforgotten past
But don't prod
Don't move hastily
Keep one door open
For I may send a waft
A prayer or an in vocational draft
Or an orison carrying breeze*

*Or some new year's greet
May be on some Eid
On your birthday or Christmas
Some day you may miss, this
Never return a sent prayer
There are actually few
Who doth care?
Be linked to the earth
No matter how high
You climbed the stairs
Sometimes a forgotten past
Carries the treasures
To cover the fake future
Sometimes a leftover drop
Save you from draught*

Farzana Aqib

Don't forget old friends

Carry few old clothes in

New journey

Remember few old friends

On the roads of new country

Sometimes some forgotten coins

In the pocket

Give you one time meal

Sometimes an overlooked heart

Gives you a life time treat

Always carry the address of past

In your side pocket

*Sometimes dead end road
Compels you to revert
And Search some hidden numbers
From thine old valet
And urge to knock it
The doors of a long hidden memory
You once thought to lock it*

Farzana Aqib

Be humbled

Never return a sent prayer

There are actually few

Who doth care?

Be linked to the earth

No matter how high

You climb the stairs

Farzana Aqib

Face the mirror

*Don't hide from yourself
Don't run away from your heart
Heart knows what you need
Souls dictate what you ask
Trust your inner call
And not somebody else
Don't hide from yourself
Face the mirror
If your reflection is still clear
Let your soul prosecute
What you hide
What you dare*

*Come close, further near
Eye to eye, stare to stare
Face the mirror
It's the one who most care
When you face up
When you are most queerer
It makes you guilty
It makes you hero
Face the mirror
Till all the mist is settled
And dust is clear*

Farzana Aqib

Price Tag of Love

*Love makes hearts immortal
It makes you giggle and chortle
It never let you die
It always shines in the eye
It rebirths the soul
Yet it often stab the hearts
It changes it's hues fast
It gives life
It snatches life
It brings spring in one instant
And burns the butterflies in seconds
Love brings miracles
Yet it hurls the hurricanes
Towards the flowers laden gardens*

*By turning the mercy of skies
Much hardened
Love is unpretentious
Love is unpredictable
Love is truth
Yet a biggest lie too
Love is a pulse of universe
That's why it keeps on shuffling
Turns laughter into yelling
And often gives wounds a covering
It plays with destiny
A game of war and mutiny
Spring, fall, winter and summer
All are the shades of love
It gives smiles
Yet adorn your eyes with tears*

*Love is a biggest gain of life
It's a peace of heart
It's a time to strife
It's a biggest gift of life
But often turns out a
Biggest loss
When is robbed or snatched
Let's toss
What love has?
Remember it always comes
With a price attached*

Farzana Aqib

Behind My Smile

Behind my smiles

There are tears and whiles

A journey expand on miles

Behind my smiles

Many stories are burning

Many stars are brimming

Many moons are gleaming

Many colors of autumn

Many shades of spring

Many storms of raining

Are hidden and covering

Behind my smiles

An era of doomsdays

*A history of heydays
A story untold
A pain so tense
Popping and flaring
Behind my smiles
There is a journey of truth
And a companion so daring
There are tears and whiles
A journey expand on miles
Behind my smiles*

Farzana Aqib

If it's your desire

So it's done,

You said it's done

You want no more...

You want to confirm

You want reassurance

My face don't look again

So it's done

You said it's done

Go celebrate your life

Without a past

Pulling thy reins

So it's done

But for me it would be same

For me love is a stream

It can change its ways

*It can lower its flow
It can be wayward and slow
But it can't be halt
The more you suppress
The more it will gush past
It comes from above
When ice is melt
When earth is hot
It quenches barren hearts
It soaks draughty souls
You may change your ways
You may divert your path
Yet my love for thee won't halt
I won't close my doors
For thy childish wrath*

Farzana Aqib

Love is your personal affair

Love is your personal affair

Don't announce it on a daf

Don't follow the path of a loser

And Of some Friendly daft

Don't follow the mob

Don't ask from the one

Who is already torn apart

Who is already wayward

Don't ask from the one

Who didn't experience

The pain of heart

*Who himself is trespassed
In the matters of heart
Don't ask
How should be your course of journey
Who should be thy counterpart
Love is a delicate modium
It's a work of Art
Don't ask, love is your destiny
It's your personal affair sweetheart*

Farzana Aqib

A relationship

*A relationship may end
But respect shouldn't end
Remains of love must stand tall
Ruins always narrate
The story of past
Tomb stone tells
Who laid beneath the mud
Mausoleum either narrate
Love stories
Or war martyrdom tales
Let's give our love a decent end
It shouldn't be rolled and shoved
Let's write a farewell note
Let's for the last time tell each other
That how much we once cared
How much we once loved*

Farzana Aqib

Process

Let's believe

It wasn't a love

It was something else

A ritual like breath

A need like sleep

An urge like food

A quest like water

A cover like clothes

A time tick on the clock

You were not my love

You were my habit

That's what all I have it

It will take time to dab it

Forgetting you is a process to learn it

How without food air and breath

A human heart makes it

Farzana Aqib

In a random encounter

I saw you

In a random encounter

Someone as a stranger

Someone I least bothered

Someone's son

Someone's brother

Someone else's friend

I saw you with my fleeting gaze

I ignored you ...

As not of any interest

I shift my eyes

And turned my face

As someone captivating enough

Yet not of my taste

*Then don't ask; What happened
Why my heart flattened
Why thy love deepened
By the failure of my intentions
By the weakening of my resilience
By your untimely intrusion
I have come to know my creator
By my helplessness
By my surrender To a stranger
The way I Overlooked the danger
I understood the game of
the master planner
It's larger than my anticipation
Beyond the claims of my intelligence
Life is not what actually we plan
It's a journey unknown
on the supreme authority's direction*

Farzana Aqib

On the promise of a Naive

*On the promise of a naive
In the love of a weak
Why did I believe?
He punished the trust of heart
With a casual reprieve
Without a curtsy without a farewell
He simply did leave
I am left astounded
With a shock and disbelieve
Nothing is left to strive
Nothing is lingering for grief
In the love of a Naive
You only invest with no retrieve*

Farzana Aqib

Coming From the Blue

I had to fall in love

So I fell in love

In the deep cavernous well

I had to fall in love

So I was enchanted with its spell

Love destined by power above

Don't you see, let me tell

I call it directives

Coming from the blue

From the divinely court bell

Farzana Aqib

Dearest to strangest

*You were once the dearest
A whole world For us
Now you are just a person
On my status
Someone random
Someone original or fakest
Life is strangest
It plays havoc
Bestest turns baddest
Is it humanity, please tell us
Love is that shortest
Ufff strangest*

Farzana Aqib

Life Goes Like This

*Life goes like this
It smacks on your face
Then kiss
Life goes like this
Day turns into a night
And then sun arises
After every fight
Hugs comes with cries
There is no pattern fix
Life goes like this
With ruthless pain
Melancholy and twists
There comes following
A kindness and bliss
Life goes like this*

*Sometimes you forget
Your heart ache
Sometimes to a forgotten friend
You badly miss
Life goes like this
Sometimes horizon is bright
A drizzle turned hurricane
And a drape of gloom
Wraps everything in a mist
Life goes like this
Sometimes hearts feels nothing
It feels unhitched
Sometimes it beat so fast
With eyes so amazed
And soul bewitched
Life goes like this*

Farzana Aqib

Spell binder

One day suddenly

As if by magic

He captured my heart

O, my spell binder

From where you learned this art

Farzana Aqib

Bag Piper

*He sent an intoxicating
Melodious hint
A beat of his heart
A euphonic music
Like a flute of Nero
Like a tune of the bagpiper
I followed him blindfolded
Leaving my folks
And my home behind
In a strange no-man land
When I opened my eyes
I was standing alone
Amidst The Hot sands*

Farzana Aqib

A Killer Art

*Ahh, a deadliest weapon
Is Your deception
A killer art
Thy love default
A biggest term of outlaw salt
When in the hands of a beloved
Your heart get assault*

Farzana Aqib

Peace

Mercy must overpower an anger

Love must win over hatred

Block the anger

Outcast the hatred

Then there will be left

On this earth no danger

No Army No ranger

No borders no intruder

No stranger

Farzana Aqib

Real Love

*Real love is toughest to attain
Easy love had no name
A lost and found things
And an earned and bought gift
Are two different status
Not the same*

Farzana Aqib

For Aqib

You are my angel in disguise

I know it from your eyes

My sweetheart

My biggest prize

Farzana Aqib

Humbled

Ruthless heart

Loveless soul

A curse of God

A jinx of divine

O' lord never make me like this

Make me thy humble goat

Like some divinely anecdote

Farzana Aqib

My daughter

*I flew over the ocean
I crossed deep water
To hold her in my arms
And kiss her forehead
My eyes brimmed with tears
When I met my daughter
I still remember that day
When angels placed her on my laps
And I felt so full filled
After I got her*

Farzana Aqib

Thanks my life

Thanks my life for abundance

Every day is filled

Every night is brimming

like a redundant

Thanks my life for abundance

All the smiles I have

All the sips I take

All the friends I make

There is no giving back to you

It's all take and take

Only a gratitude I sent

*For thy acceptance
Thanks my life for abundance
Each moment I lived
Each breath i celebrate
Each star I count
Each moon light you descend
Thanks my life for abundance
Each flower I smell
Each fruit I taste
Nothing I contributed
Everything you have done
Thanks my life for abundance*

Farzana Aqib

With you I smile

With you I smile

With you I forget my pain

I forget my sigh

With you the blistering feet

The Burning tracks

Long pass ways and halts

Appears as shorten journey

Of few miles

With you I smile

With you I forget my past

I forget my future

I forget my surroundings

I forget my friends and pal

With you I live in the movement

I actually live awhile

With you I smile

Farzana Aqib

I am inside you

Oh pal stay with me

I am another you

You are in me

Oh my pal stay with me

I carry a face

You Cary my soul

My mirror reflects your image

Through thy eyes I see

Oh, pal stay with me

Farzana Aqib

I bid goodbye

That moment arrived

I bid goodbye

No more tears

My eyes are dried

See I emerged from the delusion

I accepted reality

I survived

That moment arrived

I bid goodbye

I scratched the leftover love

Stains of betrayal

All the grim of heart

All cinders and deep layers

*I cleansed my soul from inside
That moment arrived
I bid goodbye
The reality shines on the northern sky
And truth smiles
And falsehood died
That moment arrived
I bid goodbye
No more tears
My heart strived*

Farzana Aqib

New Resolution

*If any a little love for you
Is left in my heart
I will hit the dart
I will kill the monster instead
I will nib the devil in the bud
My conscious be my guard
My heart will be my judge
No more love
No more grudge
Make the slate clean
Write another statement
Apply a new shade and dab*

Farzana Aqib

Craft

*It was just a moment
It was a heart default
It was not you and me
It was a destiny craft*

Farzana Aqib

A fairy

Leave the page as it is

No more comments on this diary

Just one name written on it is enough

This one name has a complete story

All the dialogue

All the details in itself it carries

This one name is anecdote of miracles

In this story there lives a fairy

Farzana Aqib

Divine

Between me and my love

A drape of flash

A distance of body

A wall of skin

An hesitation of humanly whim

I want to feel his soul

I want him whole

Farzana Aqib

Canvas of life

Sky is dense blue

Sun is like a melting Gold

Moon sparks like a solitaire

Amidst the university of stardust

Earth is brimming with colours

Sea is affluent with surprise

With high and low tides

How beautiful is this world

I wonder how beautiful

Are the hands of the artist

Who thought it

Who Designed it

And stroked it

On the earth face

Farzana Aqib

Reality

I opened my eyes in the burning light

I felt the pain

I felt a pang so strange

I want to close my eyes

I want to sleep again

Farzana Aqib

بلغ العليٰ بكماله

*In the cavernous darkest
Of mankind
A light brimmed
A soul in disguise of humankind
An angels of blessings
A messenger of peace
A favourite of divine
Arrived somewhere
On the day of 12th of Rabi ul Awal
Celebrate O' earth celebrate
For You are forgiven despite
All your crime*

*A prophet is gifted to you
Look at the mercy of God
And look in what stature you are
This universe is created for thee
Can't you see
For you are the ummah of thee
Sallu alaihe waalehi*

Farzana Aqib

To a jovial

My scars are filled

I am anew...

It was not difficult to renew

Forgetting the pain, moist, and dew

It was necessary and must do

Life offered so much task

To accomplish

It was not only you

To stay in thy deceit and darkest hue

It was just a matter of time

It was destiny from the blue

It was time who was judge

*It was the decision outside grudge
It was a decision
I never wanted to take
It was a verdict I didn't want in haste
I don't needed defence
I forgot you in an instant
In an order of higher command
But what about you
Try for once being true
What you did to us
What you did to you
You actually don't know
Who are you
Take some lessons from the life
Make someone honest as thy guru*

Farzana Aqib

Wait and See

*One chapter closed
Another begins
Life flows like a river
And ends into a sea
From one single seed
Into millions of trees
From one single name
It does together us ... as we
Today is a moment, who knows
How tomorrow would be
In present jiffy
we are bestest buddies
Tomorrow I may become she*

*He may turn he
If today you are sunken
Into the salt sea
The next tide may push you
Towards the shores of glee
If time is on the other's side
Don't plea
Wheel of destiny rotates
Wait and see*

Farzana Aqib

Your witness

*Now It has nothing to do with me
I was waiting for the verdict
I am not guilty
You wrote the decision
Now it has nothing to do with me
Destiny will write me victim
You will be announced victor
Yet you will be sent to the prison
Of thy guilt conscious
Yes you will be in gory category three
You will always be
Now it has nothing to do with me*

*Killing of the love
Stabbing of the heart
Is a crime so ghastly
Now it has nothing to do with me
You will be of your own judge
You will be of your own victim
You will be defense
You will be juror
You will right sentence
Mi, Lord
My crime is of third degree “
Please set me free,”
You will plead, on your knee
Now it has nothing to do with me*

Farzana Aqib

Done

Plain blank slate

No love no hate

No more tears no more wait

I am in my fullest being

I am in my ethereal state

Your love was only humanly quest

Your desire was just overrate

Fantasy

It's good to love a memory

It's good to worship an idle

Reality distort the face of the heroes

Distant love lives for ever

Fulfilled heart departs soon
