## Reviews

***Kathy Adams (Critic, Writer & Intellectual)***

*My Love for the Beloved is a Necessity*

*The symbolism contained within this very short, but eloquent Poem by Farzana Aqib is not only Biblically significant, it is also remarkably relevant to all humanity, especially today.*

*The Poetess, in my opinion, has centered her Poem, a beautifully crafted "wet memory" for a thirst parched, tear stained Soul, seeking Love from her Beloved, in a harsh, hot, and barren desert environment, as depicted in the picture, on basically, a simple desert shrub, "a shadow of a dense tree" with the name Rosus sanctus, or "Burning Bush".*

*The biblical notoriety of the bush stems from the inherent ability of this bush to burn, but not be consumed by the flames in which it was engulfed., during a conversation on Mt Horeb between Moses and God.. the Voice calling out from the "burning bush".*

*If anything, the living, thread bare bush thrived on, and was apparently sustained by the flames.*

*This is in my opinion, what is symbolically relevant ...when applied to humanity, today.*

### *Symbolism*

*Although scholars have extensively studied the symbolism associated with the "burning bush", one general, lasting conclusion, when applied to Love, may be....*

*Those, who burn in the flames and passion of Love...a Love that is a "necessity" not an "accessory" in the words of Farzana aqib, for the Beloved, and are not consumed by these flames...but, who are transformed by the very flames of this Love, will be saved and those, who are consumed by the flames, and are not transformed, will perish.*

*Thus, we as humans must not only be seduced and intoxicated by the flames of Love for our Beloved and not at the very same time, be consumed by these flames of euphoric Love,... must also be transformed by our feverishly obsessive passion for God, our Beloved, in both our thoughts and in our deeds.*

### ***Nikki Arifnief*** *(Critic, Writer from Malaysia)*

*Armageddon is an awareness raising poem dedicated to the Believers to remind them of the last battle between good and evil before Day of Judgement.*

*Islamic apocalyptic literature describes Armageddon as fitna, Al-Malhama Al-Kubra (The Great Epic.)*

*The compassionate poetess Farzana Aqib expresses her wishes in this poem so human beings should forgive one another and forget about all worldly mishaps and wrongdoings.*

*"Let's forget each other  
Let's massacre our feelings  
Let's murder ours love  
Let's die."*

*She wants humans to kill and end all ill feelings towards one another before Allah calls us all to return to Him: Remember too Day of Judgement.*

*" Before the next spring  
After the next fall."*

*Our frail world of hearts where we live by following whatever our hearts command us to do. Our cowardice acts that we've committed regardless what Allah has commanded us to do in this world. Only His Love is Divine and Pure. She wants us all to repent and surrender to Him before Armageddon arrives.*

*" And remind, for indeed, the reminder benefits the believers."*

*Quran: 51:55.*

***Nikki Arifniey (Critic, Writer from Malaysia)***

*A sad poem by poetess Farzana Aqib that reminds us of Khalil Gibran's words:*

*"One day you will ask me which is more important? My life or yours? I will say mine and you will walk away not knowing that you are my life."*

*Indeed as he too has said that:*

*"Between what is said and not meant, and  
meant and not said, most of love is lost."*

*There is a lot of unspoken love in a relationship,  
but pride, ego, past hurts, and stubbornness  
make it impossible to voice out those true  
words. So the bond between two people will drift  
further and further away from each other.*

*As the poetess said:*

*"Like an old river*

*Shrinks*

*Bit by bit to change its way*

*He was leaving me*

*Little by little."*

*Her ego and anger overwhelm her:*

*"And then one day*

*I left him whole*

*I threw him out*

*Distantly far away*

*To satiate his will*

*To free his soul."*

*It's true to the core.*

*The poetess admits this*

*"And now he will never know*

*That I love him still*

*And shall love him always."*

*We say and do a lot of things we don't mean  
especially when it comes to love. And thus  
most of love is lost.*

## ***Realization***

*I am choosing me*

*Above you*

*I am leaving you*

*Farzana Aqib*

## ***Vow***

*I learnt building bricks games*

*In my early childhood days*

*I learnt jigsaw puzzles*

*In my adolescence times*

*I will emerge from thy*

*Love betrayal*

*I will start from scratch*

*From debris of heart*

*To a Taj mahal*

*Farzana Aqib*

## ***Misunderstood***

*Sometimes to a little  
misunderstanding  
We call love  
And from the dragon clouds of  
That misunderstanding  
We never rise above*

*Farzana Aqib*

## ***Phenomenal phenomenon***

*Look it just happened*

*Look it's just gone*

*Like a vapor on horizon*

*Like a mist in the air*

*In one jester it descends*

*On next moment evaporates*

*It had happened for few hours*

*It didn't last many days*

*Then why the aftershocks of love*

*Keeps on jolting in hundred ways*

*Why the one second of love  
Refuse to leave and kept on delay  
Why a moment of two hearts  
Forever stamped on the face  
Like the echoes of the sound  
Forever hung in the space*

*Farzana Aqib*

## ***Ranjhan yar and heer sial***

*Ranjahn yar and heer sial*

*A forgotten story*

*Emerged on walls*

*An ancient folk lore of Punjab*

*Rewritten again*

*With protocol*

*Names are changed*

*Façade is altered*

*Yet roles are same*

*And same is the downfall*

*Still a conspiracy being hatched*

*And some bad luck still crawl*

*Yet that love is too high*

*Too immortal to fall*

*Still that story leaves a mark  
Still two hearts  
Victoriously stand tall  
Still a flute reverberate in the air  
Still some girl makes sweet balls  
Still some boy reject a crown  
For a beloved and sweetheart  
Still this world make them separate  
Still a poison mixed in the glass  
Ranjhan yar and heer sial  
A forgotten tale again recalls*

*Farzana Aqib*

## ***Do you Agree***

*Write down my prophecy*

*What is gonna be*

*That you will comeback...*

*Yes you will be*

*Your heart lives within me,*

*Thy soul is wrapped around me*

*Our wrists are handcuffed together*

*With one chain and key*

*No one is gonna set us free*

*Today, tomorrow, in a year*

*You will comeback, you must be*

*Write down my prophecy*

*My tarot reading  
As my apostrophe  
I can peep into the hearts  
A soul reflection I can see  
I am a wandering dervish  
I whirl around in a God service  
Above he wrote our destiny  
Down we both  
Together we three  
O my darling, you will comeback  
My prophecy is my apostrophe  
Do you agree*

*Farzana Aqib*

## *Love bug*

*O' love bug*

*Please leave I beg*

*How much deep you already dug*

*Like an empty hollow mug*

*Let me forget that pinching nudge*

*An unfaithful, deceiving love*

*Leave me alone please don't judge*

*O' love bug*

*Don't' crawl on my skin*

*Don't act like a slimy slug*

*Let me bury all my emotions  
All my vehemence, all tenderness  
Fro that liar for that thug  
O' love bug  
Please leave I beg*

*Farzana Aqib*

## *Conspiracy of the universe*

*With hands in the air  
With eyes so closed  
With lips mumbling mantras  
And hearts sending prayers  
Fingers dropping beads  
Lips murmuring orison  
Mind questioning reason  
When will this universe conspire  
For my soul desire  
Who will extinguish my inner flames  
And my wildest burning fire  
When will you be sent to me  
O' my love...O' my sire*

*Farzana Aqib*

## *Fourteen days of moon*

*Like a feather in the sky  
Like a tip of my manicured nail  
Bleak yet young and brilliant  
A freshly born crescent  
Swelling bit by bit  
Until the fourteenth night  
Fully gleaming and bright  
Playing in the twilights  
Among billions of stars dim,  
Bright and penlight  
Then arrives, black, Brunette,  
Densely ebony,*

*Sable, swarthy, sky  
It winks and says "no moon tonight..  
Our love story was like the birth  
And the curtained of the moon  
O' heartless beloved  
You were the moon of my sky  
Please reborn on opaque winter sky  
Before the next June July*

*Farzana Aqib*

## *Shunt*

*When I met your eyes  
I averted my gaze  
You were intensely drown  
In my face  
I was avoiding thy soul chase  
I left thy place in some haste  
You stood silent at goodbye  
We both were reluctant to reply  
I told myself while I drove  
This hint of love must here die  
And destiny wheel turned  
Another spun around*

*You came back from the sky  
You work hard you dead tried  
You made this second chance  
A kick at the can  
You didn't let it be  
As X,Y,Z  
You took my arms and rushed to fly  
My wings were broken I cried  
Yet in the mystique of love  
My wounds quick healed  
And streaks of tears suddenly dried  
If love touch prod life at once  
Then on a tumbling stroke  
Act so dunce,  
You did the same o' my loved one*

*And you did it with an obvious grunt  
You pushed me backwards  
And exited by the front  
You changed your train  
And your shunt*

*Farzana Aqib*

## ***Your own God***

*Life is a journey unshod  
Don't' draw your rules  
With iron rod  
Everything is in an act of God  
There are many  
A conundrum unsolved  
All the mystery, all the miseries  
All the happiness all the injuries  
Being mixed and served by divine pod  
Just find a piece of land  
Where no one ever trod  
To commune with thy soul  
Only you and your God*

*Farzana Aqib*

## ***Master stroke***

*There is a silent poetry  
Being written inside me  
There are random stanzas  
Being shooting inside my soul  
And wiled strokes of colours  
Painting a poetic picture of someone  
And when I pour it outwards  
On the white sheet of paper  
Your face emerges as a painting  
As a master piece of some master  
As if of Vincent van or Salvador Dali  
Leonardo da vinci or Pablo piccaso*

*No one believes it's you on the canvas  
No one gives us due acclaim  
Tell me to whom I send blame  
How long I must hide your name  
How long I refrain from my fame  
Every time it's repeatedly same*

*Farzana Aqib*

## ***Keep going***

*Don't be sad dear heart*

*Last autumn wilted your daisy rose*

*But this spring we will grow*

*A Juliet rose*

*This Garden is your*

*This autumn is your*

*Spring is your*

*And this pain is your*

*This rapture is your*

*This life is your*

*This journey is your*

*Come to grip with  
These four seasons  
And find a good reason  
See what new is popping  
What colors of hearts?  
Thy soil is growing  
What new shades of horizon  
Thy destiny is showing  
Keep going, keep going  
From the grey of gloom  
Sign of divine is showing  
Behind the debris of yellow leaves  
A new shoot is toeing  
Keep going, keep going*

*On the signs of divine  
On the tracks of fate  
In the dense nights  
Keeps thy vessel rowing?  
Keep going*

*Farzana Aqib*

***Delusional***

*I was so naively ignorant  
I thought you were different*

*Farzana Aqib*

## ***Stuck***

*It's never too late to forget*

*It's never too late to love*

*It's how sometimes*

*You get what you need to get*

*Pull thy heels down*

*Make some effort to sweat*

*Pull the sunken heart*

*From the deep of unrequited love*

*Don't let it drown and wet*

*Under the quick sands of regret*

*Forget your past forget*

*Life is still young*

*End is not close yet*

*Farzana Aqib*

## ***Only love***

*I shuffled my skin hundred times  
I scout my heart thousand ways  
I restlessly casted about my thoughts  
I couldn't find anything, anywhere  
It was only you everywhere*

*Farzana Aqib*

## *Mayfly*

*Look its just born*

*See how quick it dies*

*Our love was a mayfly*

*Farzana Aqib*

***No more***

*Go my love go*

*Go hit the road*

*Don't remember me*

*No more*

*Horizon of sunshine*

*Is larger and huge*

*Go your inner sold, explore*

*The pain of treachery I can't afford*

*No more*

*Go hit the road*

*Why to look back  
Why to halt, for  
Go hit the road  
Go my love go  
You don't care for me at all  
This reality I know  
Our love happened once upon  
Why to dwell in the memory  
For whom to hold on  
Past is past  
Gone is gone  
You were someone  
I was someone  
Story is over put a fold on*

*Farzana Aqib*

## ***Pain and rapture***

*Every emotion*

*Goes back to one emotion*

*Like a rain drop in river*

*And river into the ocean*

*Every pain and strain*

*Every pleasure and rapture*

*Wants to merge in thy memories*

*Wants those lost moments of love*

*Be caught and must recapture*

*All the reminiscing*

*All the past must be renewed*

*This love lore must be written*

*In a new chapter*

*Farzana Aqib*

## ***In thy name***

*When is a day passed by  
When does a heart beat skipped out  
Without heaving thy name  
Without not missing you  
As everyday  
As usual routine  
As always the same  
Ever since you left my darling  
Nothing is changed  
Heart is still on the fire  
Soul is still on the flame  
Everything is as it is-the same*

*Nothing seems as important  
No wealth no fame  
My heart is fixed on one grief  
My eyes are only on one aim  
Everything of my being  
Is given in the ransom  
For thine gamble  
For thine love game*

*Farzana Aqib*

## ***Commune***

*O' my lord*

*O' my God*

*Thy whisper in my ear*

*What is this hight of contentment*

*A message so eternally sent*

*O' my lord, O' my God*

*Where is this wretched*

*On the earth*

*Where this honor high in worth*

*The tears of gratitude brought forth*

*My pen is oozing pearl*

*An honor supposedly for the earls  
Made entitled to an ordinary girl  
O' my Lord  
O' my God  
Thy feeling in my soul  
Thine inscribing on my core  
A writhing so natural  
A creation so abrupt  
No wordly mischief  
Could make thy thesis corrupt  
Every flow is removed  
Every word is made perfect  
All the thoughts you descend  
All the topic thy describes  
All the list you select*

*My whole is completed  
My soul is kingly treated  
I am ethically greeted  
Now I will write a master piece  
I will recite a sermon of peace  
Please you all come around  
Please you all be seated*

*Farzana Aqib*

## ***Trying***

*Write his name and delete*

*Paint his picture and erase*

*Only love his memory*

*Kiss and embrace*

*He left long ago*

*His love was so disgrace*

*Dear heart forget him*

*I plead, I request*

*Forget him don't' chase*

*Don't get snared again*

*By those manipulative gaze*

*His love looked pretty*

*His intentions looked righteous*

*Behind a deceiving haze  
Only love his memories  
Praise old days  
Like an unrealistic poetic phrase  
His love was enchanting  
His act were demonic  
He was a warlock  
Wearing a white saintly face  
Shun the delusion  
Remove an artificial glaze  
His love was rusty, please wake  
In his favor never debate  
Never be on heart side  
Never take his take*

*Farzana Aqib*

## ***Wait and see***

*Keep on moving*

*Keep on loving*

*Keep on forgiving*

*Keep on helping*

*Never look back*

*Never turn*

*You will see coming to you*

*All thy deeds*

*Proliferating in return*

*Don't seek reciprocation*

*From the one*

*You did all the kindness  
Throw your generosity  
In the river of blindness  
You will receive unlooked peace  
Unasked blessings  
From a source unknown  
From someone  
Without a name  
From a face ever shown  
Have faith in benevolence  
And deeds alone  
Goodness converts sand in Gold  
And diamonds from a coal stone*

*Farzana Aqib*

## *In thy love*

*My hands are empty  
I am left with nothing  
Before the year twenty twenty  
I had treasures of heart, plenty  
I sacrificed everything  
In the line of heart  
I am sinking, help me*

*Farzana Aqib*

## ***Our love will never die***

*Our love is like a full moon  
I has its darkest side  
It will vanished at its prime  
It will re-emerge on the sky  
On some tree  
In the woods  
On some darkest nights  
It will never die  
It will continue and strive  
It will emerge by and by  
It will vanish from the eye  
But it will never die*

*It will shake hand  
It will heave a sigh  
But it will never say goodbye  
Our love will never die  
Thine love will never estrange me  
For any W...X...Y  
It could be a nasty rumour  
An unbelievable lie  
Our hearts carry only two words  
You .., and.., I*

*Farzana Aqib*

## ***Frenzy of hearts***

*Our love was so naive and oblivion*

*I was partner of thine madness*

*We both chased impossible*

*Your quest was delirium*

*My acceptance was frenzy*

*Let's celebrating our parting*

*Our life long sadness*

*And live in our imaginary meridian*

*Farzana Aqib*

## *Journey of millions years*

*Souls come across*

*Not be accidents*

*Love is honored forever*

*Like a religious sacraments*

*It's a journey of million years*

*Meeting and parting*

*Surviving or dying*

*Souls keep on travelling*

*Through reinstallation*

*By reincarnations*

*Façade keeps on changing*

*Flash and skin changes it's colors  
Yet souls inside remains the same  
And get registered in different name  
Like changing its attire  
It changes it's body  
As if nonentity  
As if nobody  
Like four seasons  
It travels through winter to summer  
From autumn to spring  
It keeps coming back  
From one sphere to another place  
From one planet to space  
In search of one lost one  
That one soul in millions*

*It loved once and lost  
In the mega game of creation  
This jigsaw puzzle  
This big bang concept  
This day and nights rotation  
Everything is made  
For two people's souls  
For their never ending search  
For their never ending love  
For their unquenched thirst  
Love born only once  
So is the soul of lovers  
Only earth and spherical planets  
Bodies and flashes are replaced  
Bone and brain is waste*

*Name and identity must erase  
But soul can't be replaced  
It's only made displaced  
To find its identical on some  
Different place*

*Farzana Aqib*

## ***Stranger no danger***

*Standing amidst strangers*

*Making friend to some stranger*

*Getting help from a stranger*

*This way stranger*

*That way stranger*

*Yet don't feel any danger*

*Be on guard be on toes*

*When someone close thee knock on*

*Be alert be vigilant*

*When you are surrounded*

*With closest one*

*Friends are foe*

*Foes are friends*

*Blood is water*

*Water is blood*

*Time is changed,  
Planet is avert  
So kiss a stranger,  
Love a stranger  
He may turn into some angel  
He may become a goodwill messenger  
Thy own blood and prudent claimers  
May stab from thy back  
And crush you in grinder  
Be argus eyes  
Among thy friends  
And stay at ease  
With some strangers  
Where there is a stranger  
There is no danger:*

*Farzana Aqib*

## *Moved past*

*I was jolted awake  
With a whirling waft  
At the rear seat of my car  
I asked my chauffeur how far  
He said "we left the heart  
A thousand miles behind  
The city of love we moved past  
Distantly apart  
I said "you drove very fast,  
"We are moved on, mam  
He smiled in his eyes  
With a convictional craft*

*I said "you are smart,  
He said, "you have to live again  
"you have to restart  
I said, " ok don't let me revert  
Keep reminding me  
Keep driving me  
Keep me set apart  
Distantly away from my weakness  
From my chronic love traitor  
Let my soul untie it's hands  
And let this love depart*

*Farzana Aqib*

## ***You are alive***

*Emerge from the darkest hue of time*

*Light a candle*

*Turn a deaf ear to*

*Worldly putrid gossip and scandal*

*Face the sunlight*

*Mark your own horizon*

*Keep going on*

*Emerge from the debris*

*Open your eyes and see*

*Build a gateway of knowledge*

*Stamp your own milestone*

*Rinky-dink is long gone  
You are a light of the darkest path  
Be a torchbearer in the  
Dense black woods  
Show the power of thy women hood  
Learn the lesson from a light worm  
Glow in the hollowing storm  
Exude your inner energy  
Burn your inner flame  
Tear the wail of un enlightenment  
Shout from the pitch of your soul  
We are alive, we are here  
We are four where*

*We still survive*

*We must thrive*

*In a group of one, two or five*

*We will arise, we will arise*

*Farzana Aqib*

## ***Giant***

*Distasteful love*

*Give a bad taste to mouth*

*And an unpleasant love*

*Blurs the sight*

*Love has its own strange powers*

*It brings to knees*

*An iconic leader*

*It kills a Herculean*

*In silent pain,*

*An ordinary love*

*Could seeps all the vitality  
And an extra ordinary brain  
Could lose its sanity  
Love is a monster  
It's a jinn  
Never let it eat thine heart  
Thine hub  
Keep the crown tight on the flagon  
Keep the lamp away from rub  
Nib the Devil in the bud*

*Farzana Aqib*

## ***Hope binding***

*Sometimes we fall in love  
With our inner creations  
We just attach that fictional love  
With someone  
There our own written idea of the love  
Simply begun  
We may call  
An ordinary pebble a sun  
We may describe a rose to a gun  
We actually defy it in another human  
Loving someone is actually  
loving our ourselves  
In the body of someone else's*

*Our love is our own temple  
Our gods are our own inner deities  
We pray for our own peace  
For our own desires  
For our hope binding treats  
god's are silent, god's are stone  
They are bone  
Without any reality  
Actually unknown  
They are handmade  
Placed by us in decorative arcade  
Our temples are our silent  
Our hope binding centers  
Our witness of dream  
Our confessional venters*

*Same like our fictional loves  
Our self created delusions  
Our own derived conclusions  
Loving to someone  
Or dying on someone  
Is the idea of love we nurture  
We harbor, we pampered  
It's not natural it's not actual*

*Farzana Aqib*

## *Resentful*

*Go never return*

*Done*

*But think before you confirm*

*One way ticket is always for the dead's*

*And return tickets*

*Are for the breathing ones*

*Love is a life and hate is only*

*A coffin's wreath*

*Breathe my love breathe*

*Don't die before death*

*Farzana Aqib*

## *One question*

*You still remember*

*Or forgot*

*You once loved*

*Love is still something important*

*To you*

*Or may be not*

*Farzana Aqib*

## ***Confused***

*Learning everyday*

*Stumbling everyday*

*Standing everyday*

*Gaining everyday*

*Losing everyday*

*Life is on a wheel*

*Destiny is unstoppable*

*Always on a heel*

*Rushing running tumbling*

*Crying shouting mumbling*

*What is this whole mega marathon*

*What is unstable frenzy*

*Life is only a circle of few days*

*And teaching is for a hundred century*

*Farzana Aqib*

## ***Alas you could understand***

*Alas, you could understand  
Falsehood in love is a curse  
Deceitful trait towards hearts  
Is obscenity  
Love is utterly divinity  
Never abuse heavenly gifts  
Never call for calamity  
Love is the only criterion  
Which marks a difference?  
Between animality and humanity*

*Farzana Aqib*

## ***Worn out***

*So this is called love  
I saw it, I admired it  
I bought it, and wore it  
Now it's hung in the closet  
It's no longer attractive  
It's losing it's colour  
It pinches on the skin  
Either I am out of shape now  
Or it was made of a cheap fabric  
At the first place*

*Farzana Aqib*

## ***Time is short***

*The key might wear rust  
And lock on the latch may jammed  
Don't' delay your return that long  
Come before destiny  
Slipped out of hand  
Day is long gone and slammed  
Dusk is already descending  
Horizon is very lowered to the land  
Don't delay thy return that long  
There is hard little place left in life  
To further stay and stand  
May life act like a  
Miserable wretched and scam*

*Farzana Aqib*

## ***That's it***

*No time for you*

*I actually forgot you*

*Peace is descending from the sky*

*A realization came from the blue*

*Thy love was counterfeit*

*You didn't play legit*

*I quit, I quit*

*Thine love was all delusion*

*May one day*

*In thy mirror you admit*

*Here my love story ends*

*That's it*

*Farzana Aqib*

## *Smoke*

*Look it's fading*

*It's being blurred*

*It's evaporating*

*Ahh it's vanished*

*First you left*

*Now your remembrance*

*There left only*

*A white sheet of heart*

*Plain, all rinsed and cleansed*

*Only on wet spot is left*

*That last tear of my eyes*

*Which just drop off my mistake*

*It shall too soon dry*

*Goodbye my love goodbye  
May be in the reincarnation  
May be in the next station  
May be on the other planet  
We will drop by together  
We will again try  
Let the last drop dry  
Goodbye my love goodbye*

*Farzana Aqib*

## ***Mistaken***

*Once a sculptor  
Mixed up some humanly  
Flash and blood into his clay  
And stirred it in a Doug  
And made it a statue of love  
Shaped it into a beauteous  
Bewitching art  
I cut my fingers when I looked at it  
As if Joseph emerged from his craft  
I gave him my heart  
But he couldn't talk*

*I gave him my life  
But he couldn't breathe  
After a year and so  
I realized...  
I am talking to a wall  
He is of course a stone  
A sculpture in a deceiving  
Humanly avatar  
With no empathy  
With no heart  
With a lust of fame  
Wealth and name  
With no love, with no human brain  
With no bravery at all  
All a chipped robot  
Acting on the orders of someone  
On the whims of his sculptor  
Designed and trained*

*Farzana Aqib*

## *Ethereal In Class*

*My love for thee*

*Wasn't sultry*

*Neither it was alluring necessarily*

*It was from the heat purely*

*Simple and freely*

*It was a love so divinely*

*Above the tabooing lust*

*Between a man and, womanly*

*It was fable written in the hearts*

*Pure in pursuit*

*Genuine in the chase*

*Ethereal in class*

*Like a love of a motherly earth  
Shower on us  
Like a light of sun reflecting on all  
Like a waft of fresh air  
Sent outright  
Like a cloud of rain  
Sprinkles in entirety  
And his love for me was  
No immorality  
It was a worship, a respect  
A friendship, a harmony  
Tell all wayward tongues  
Tell all the enemy  
Our love was above lustful needs  
It was beyond vulgar deeds  
It was for the posterity*

*Don't give love a name  
It's the first name of humanity  
It's a world open to all  
It has no personal agenda  
And brutal territory  
Without love, trust my pal  
Life will turn astray  
Earth will lose its gravity  
My love for thee wasn't sultry  
It was from the heart  
Pure natural and freely*

*Farzana Aqib*

## ***Next station***

*Don't look deep  
Into a beautiful façade  
You may find something bezaar  
Do look deep into an ugly surface  
Yo may find some hidden treasures  
In some of its part  
Try to find blossom of the cactus  
Don't' go on it's spiky avatar  
All the roses will wilt in the autumn  
Life will continue changing its weather  
Today's birds are tomorrow's  
Dust feather*

*Today's mammoth  
Is tomorrows' leather  
You and me are nothing  
More than flash  
Today's body is tomorrow's trash  
Be humble, be kind  
Even to a raff  
Give everyone thy share of reverence  
Success will be blurred  
Face will be faded  
Voice will be forgotten  
Only remains thereon  
A vibrating little remembrance*

*Farzana Aqib*

## ***Meditation***

*My words are turned silent  
My ink speaks fluent  
My eyes absorbed world  
My heart dictates verbs  
I learned the language of silence  
I unrefined my thoughts  
I commune with my soul  
In search of my God  
I commute form earth  
To the ethereal regime  
In few seconds I achieve my goal  
I merge into my sea  
From a drop to a whole*

*Farzana Aqib*

## *Age doesn't matter*

*I grew older*

*And my heart grew younger*

*I am looking ahead of time*

*Not over my shoulder*

*Soul lives life not the flash*

*Youth lies in the courage of beholder*

*Many a juvenile kills their dream*

*Many as older lots*

*Don't feel colder*

*I feel more accomplished*

*More determined*

*More alive*

*Ever since I treaded  
A few years further  
Age never happens  
And skin never matters  
Wisdom and patience  
Attract your door  
You look handsome  
And little prettier more*

*Farzana Aqib*

## ***Don't dare***

*You pull one step back  
I will pull you three step ahead  
I will halt you from playing this dare  
It's easy to leave a slot  
But difficult to fill a carter  
Love void is bigger than the sphere  
Do not touch this fire  
Don't go near  
Shun all the pride and stare  
One hasten goodbye to love  
And live rest of the life in despair*

*Farzana Aqib*

## ***RIP dear heart***

*I got his last message  
Without a picture  
An empty frame  
For the first time  
In a year and so, Oho  
I am trying to delete his name  
A face so dear to eyes  
I don't want to see  
For what o'beloved  
Thy did to me  
A love which was so vip  
Today on that empty picture frame  
I wrote RIP*

*Farzana Aqib*

## ***My solemn promise***

*On that last fateful nights  
In the middle of the twilight  
At your place  
I stood undecided  
And you said in rage  
If you will also leave  
I will believe  
You too are deceive  
Now you left me tearfully mourned  
Tell me who is deceit  
Who turned back on the feet  
Who first seek leave  
Who refused to meet*

*Farzana Aqib*

## ***Strange***

*I sent greetings  
New year, birthday, Christmas  
Distant yet gay happy feelings  
He abruptly broke up  
All the ties  
I at least gave last try  
Honesty speaking  
How this act of thin  
You will ever defy*

*Farzana Aqib*

## ***Changed***

*He is no more him*

*The only pain is that*

*A beautiful heart is turned grim*

*Farzana Aqib*

## *Nature*

*Cactus grows thorn*

*Honeycomb give honey*

*Love and hate*

*Have two names*

*Water washed grime*

*Dust give stain*

*A firm respective nature*

*They both retain*

*Farzana Aqib*

## ***Teachery Trade***

*Dear heart*

*Come out of mischievous haze*

*Let it go*

*Let the feeling fade*

*All his excuses are purposely made*

*Your love is in a runaway mode*

*He is a master of his treachery trade*

*All his deceit is written on the wall*

*With all its color and all its shade*

*O' dear eyes*

*Don't turn blind*

*O' dear tongue read it aloud*

*O' dear hearts sorry to say*

*In the line of love you are betrayed*

*Farzana Aqib*

## ***Be mine***

*Never try to forget me  
In the nativity of time  
Life won't forgive you for this crime  
My love is saintly, it's divine  
It's beyond ages it's above time  
Never forget somewhere  
In the heavens  
You were made as mine  
I was sent earlier  
You arrived after sometime  
How I will narrate my love  
How I will define  
There you are in your prime  
Here I am subduedly sublime*

*Farzana Aqib*

## ***Return***

*Safe travel my darling  
Whichever journey you go  
Explore the world  
Meet fun girls  
Make new friends  
Adopt new trends  
Learn rather fast  
Change your style  
Change your car  
But always carry the same old heart*

*Farzana Aqib*

## ***Will***

*I am custodian of your love*

*Until you won't come back*

*I will never let it go*

*Farzana Aqib*

## ***You must know***

*If someone loves you  
More than I do  
Please must tell me  
That name  
My competitor is who  
No one could ever love you  
The way I pursue  
I can write it on the walls  
You may spread my words  
In thine friends and foe*

*Farzana Aqib*

## ***End of war***

*Ceasefire and desist*

*Shun all the armour*

*O' my paramour*

*Embrace me tight*

*There will be no war*

*Look at the horizon*

*Butterflies and rainbows*

*Look into love directions*

*Look onto that far*

*Farzana Aqib*

## ***Joint***

*I need help*

*I need subscription*

*You are turning day by day*

*Into my deadly edition*

*You born in me every moment*

*Like a new stanza*

*Like a new story*

*Like a realistic story*

*Like a heart woven fiction*

*Give a doze of thine love*

*To my crumbling heart*

*Every hour every moment*

*Farzana Aqib*

## ***Thee***

*I only love you*

*Make sure*

*There was no one before*

*No one ever near*

*It is only you*

*All over here*

*It's only you.. dear*

*Farzana Aqib*

## ***Nonstop***

*Smacking on my back  
Like a waft of a air  
Like a drifting opaque  
Thine remembrance  
Keeps coming like breath  
Don't stop visiting  
Dear reminiscent of my love  
Without you, I will be silent  
Like death*

*Farzana Aqib*

## ***Kun faya kun***

*Like a white sheet*

*I was empty*

*Like plain vanilla*

*Unblemished and unadorned*

*Angelic simple unalloyed*

*You drenched me from head to feet*

*With the colour you more*

*I rinse I wash it won't go*

*O' my dyer, O' my huer*

*O' my artist O' my painter*

*My soul is dyed, my heart is blemished*

*O' my tinter,*

*I am head to toe*

*In the hue of yours*

*Thine love is soaked me  
With the fiery tears  
No one dwell in my cave  
No one talks in my ear  
It's only you who is near  
O' my dyer o' my dear  
That colour of thine  
Paints me red, sometimes green  
And sometimes auburn  
Some days white  
And someday sapphire  
In the haze of yellowish  
Orangish fire  
Like a reddish of setting sun,  
I am burning on the sky  
In the milky moonlights  
I stay drenched, soaking wet*

*You keep on splintering colour of thine  
You keep adding strokes of thy  
A drizzle of love rolling out my eye  
A string of prayer  
Drifting from my tongue....  
A recital mantras permeates in the air  
I am drawing in the seas of dares  
I have worn a colour blue  
I will never be same and dryer  
O' my dyer, O' my huer  
No one is here....  
Only you are near  
From the world of manoeuvre  
Don't harken back  
There is nothing left in there*

*Farzana Aqib*

## ***Like A Temple***

*Heart is like a tabernacle  
Like a church  
Like a temple  
Either be it's devotee  
Or it's disciple  
Be it's adherent  
Or someone like a love cohort  
Yet never come on it's altar  
As a flying visitor  
As a window shopper  
To see and reject  
To touch and discard*

*Just to taste a free sample  
Love is a journey  
With full of preference  
Join the caravan if thine heart  
Is filled with reverence*

*Farzana Aqib*

## ***Everyone needs a friend***

*Everyone needs a friend  
Like a tabernacle to confess  
A heart that absorbs  
An ear that listens  
A word to commend  
A curtsy to return  
A shoulder to cry  
A soul to depend  
A trusted drop box  
For an urgent message to send  
Everyone needs a friend  
Instead of being my valentines  
Instead of being my beloved  
"Will you be my best friend"*

*Farzana Aqib*

## ***Ultimately ultimate***

*I know you in your bone marrow*

*I know you from the blood*

*I know you from thine heart beats*

*I know you from your thoughts*

*I knew what was written in yesterday*

*I know what destiny will*

*Offer tomorrow*

*I know you in your bone marrow*

*I am thine love, I am thy core*

*I rule with love and not with iron rod*

*In a blink of the eyes*

*Everything is done*

*I set heavens with my slightest nod  
I burn hell under the earthly sod  
Surrender thine will  
In the hands of God  
I am the ultimate  
I am the Lord  
O' lambs of God  
Walk on the path  
All shepherds rod*

*Farzana Aqib*

## ***Void***

*The void thy grief  
Left me with  
Is nearly impossible to fill  
No matter how hard I drill  
The melancholy of love  
Gave thy grief a license to kill*

*Farzana Aqib*

## *Tattooing of love*

*It's been over a year  
Wound of heart is still there  
It wont' fill  
I may hide it under the cover  
Or behind my camouflaging lyres  
This love is like a tattooing on soul  
Once needled  
Never disappeared*

*Farzana Aqib*

## ***One suggestion***

*You remain awake all night  
I toss in my bed up till dawn  
Thine room light remains on  
Until the word of Azan  
I remain sitting on the prayer mat  
Till the blue of sky becomes white  
We both miss each other  
Without a hint of doubt  
We wish to live in each other's pocket  
Then why don't we do it  
Why can't we raze it  
A wall of fear  
A drape of egos  
A moment of reluctance*

*Why can't we meet,  
Why can't we act  
As our hearts seek  
Why can't we share a seldom  
Coffee evening  
A brief call in the morning  
Just to say hi,  
Instead of long silent goodbye  
Just to whisper goodnight  
Just to text sleep tight  
Just like a caring friend  
Give this story a suiting end  
Just to give scares of hearts  
A touch, a mend  
I hope you understand*

*Farzana Aqib*

## ***Tell me know***

*Frame without picture*

*Heart without love*

*Life without you*

*At least one reason*

*You got to give*

*How I will live*

*Farzana Aqib*

## ***Real you***

*Ruthless hollow beloved  
Empathetic loving sweetheart  
Which facet of thine I pick,  
Which traits  
Of thine I preserve  
Just tell me my love  
Until how long I wait  
How long this punishment of love  
I am gonna serve  
Do you really think  
This much pain I deserve*

*Farzana Aqib*

## *It's in fate*

*I love you*

*Without thinking*

*That you don't reciprocate*

*For your reply, for the message*

*I no longer wait*

*I love you so it's my take*

*You don't return, you don't rate*

*No difference it makes*

*I will continue loving thee*

*I will never hesitate*

*You will come back one day  
It's my deep down faith  
It's never too late  
Journey of love is never straight  
Love just happens, it's in fate  
It gives no time to contemplate  
It's an oath so honoured  
Like a holy book's page  
It's never dement and camouflage  
Its pure without a manipulate*

*Farzana Aqib*

## ***Secret Den of hearts***

*Now it's the destiny of our hearts  
To stay together  
No matter how distant we are  
And how drifted apart  
It's the destiny of hearts  
To secretly live in each other's skin  
To love each other's from within  
Without telling to anyone  
Be it a foe or our kith and kin  
Love is destined an ultimate win*

*Farzana Aqib*

## ***Contagious love***

*You once said your eyes say it all*

*Your eyes tells a lot*

*You didn't know then*

*The sadness of my eyes was  
contagious*

*This jinni of heart pain*

*Was millaciouse*

*Now you carry the same hue*

*In thine eyes too*

*Now this feel of blue*

*Made us both precious*

*Our story is turned more serious*

*Our love tastes more delicious*

*Farzana Aqib*

## ***You and me are liars***

*I saw those eyes  
After months and years  
He learned to dissemble too  
Like me, a false colour he makes  
He masquerade as happy man  
All the whole he fakes  
But those eyes, calm and sad  
Don't complement his face*

*Farzana Aqib*

## ***Mocking mirror***

*I learn to lie  
In the love of thy  
I turned pretentious  
I fake smile  
I make up laughter's  
I hide in corners; I cry  
I carry a face  
Which is fake  
With glint of tears  
I shine my eyes  
I learn to lie  
I the love of thy*

*Farzana Aqib*

## ***My enemy***

*A year turned into a century*

*A minute into a day*

*A day into a month*

*A month into a year*

*A year into a century*

*This is love's destiny*

*A breath without beloved*

*A step towards death eventually*

*My own self turned my own enemy*

*It's not letting me live*

*Without thee*

*Bring him here so he could see*

*What his love made me*

*Farzana Aqib*

***My treasures troves for you***

*Just give me a pinch of thine love  
And take the hidden treasures  
Of my heart  
Better than Tillya Tepe, discovering  
much precious than  
The Bactrian Gold  
It will away stay with you  
Hard to steal hard to sold  
It's better than the  
The Sroda treasure*

*It will stay in thine use  
It will be they forever pleasure  
Better than the  
The Cuerdale Hoard  
Protecting you like the sword  
Blessing you as heavenly lord*

*Farzana Aqib*

## ***Don't buy me a gift***

*Don't buy me expensive gifts  
Give some of you precious time  
Give that care which doesn't exist  
May this way the clouds of gloom  
Float away and drift  
Thy intention may be clean  
Thine act may be swift  
Give this longing dismay a twist  
Fill that gap thien absence caused  
Gravel with love an expanding drift  
I may no longer be saddened  
And miffed*

*Farzana Aqib*

### ***Rain's miracle***

*O' darlig walk out in the rain  
Catch the next train  
I am all drenched  
Into the drizzling pouring rain  
Dancing snapping feeling no pain  
I know you will rush back again  
For rains' melody drive us insane  
O' darling, catch the next train  
Shower pouring down the clouds  
And inner torrential stream*

*Together will rinse  
All the grim and all the stain  
O' darling walk out in the rain  
How much I miss you  
Couldn't explain:*

*Farzana Aqib*

## ***First choice***

*Calm down for once*

*Listen to thy destiny voice*

*My love is thine chosen one*

*I am your first choice*

*Wake up, hurry up; o'my cuckoo*

*Love is descending from the sky*

*Without a levy and price*

*Be jubilant and rejoice*

*Farzana Aqib*

## *Winter sky*

*Winter sky*

*All ebony,*

*Hazel grey mornings*

*Brittle blue night*

*The warmth of thine love*

*Floats steadily in the hearts*

*And my murky dead snow life*

*Brightens up heavenly*

*A shorty winter sun*

*Hid behind the nights longevity*

*In your arm there is nothing*

*But a warm ecstasy,  
A rhythm of breath  
On two hearts melody  
Happiness is a smile that flickers  
On someone's face  
After hearing someone's name  
From some stranger's mouth*

*Farzana Aqib*

## ***Summon***

*One day you will emerge form my eyes*

*One day my heart will*

*Borrow my words*

*One day I will call thine soul*

*To the court of numen*

*You will be summoned*

*To be fully face to face*

*For embezzling of my heart*

*For squandering of my trust*

*A heart you may call*

*An actual God's place*

*Where he sometimes dwell*

*A truth of thine, you doth tell  
Be prepared for that day  
So not to assign hell  
I humbly suggest  
Do thine preparations well  
Who began the pleading first,  
Please tell  
Who rang the bell  
Please tell  
Then who bid a farewell  
Please tell  
Who took the oath first  
Then who broke the trust  
Please confess  
Just for a fictional hollow pride  
Just for an empty egotistical shell*

*Farzana Aqib*

## ***Show me thine rosy smile***

*Stop playing hide and seek*

*Stop being a freak*

*Cut the first turf; speak*

*Shy like a wallflower*

*Scared as a jack-rabbit*

*Silent like a deep water*

*Don't pretend so weak*

*When will this stubborn heart*

*Grow meek*

*Show me that forgotten smile*

*On thine rosy cheeks*

*Respect my little desire*

*Nothing else I seek*

*Farzana Aqib*

## ***Hark Hark Hark***

*There was a millstone  
We promised to halt  
There was a beacon house  
We decided to honk  
To make a stop over  
To meet on our journey of hearts  
You crossed that mark  
No smoke no spark  
You are somewhere far ahead  
Lost beyond the drawn line of task  
Voyaged in your royal Ark*

*You rather deleted your footprint  
You left no hint  
No message, no torch  
Thine whereabouts, whom to ask  
In the deadly ocean so dark  
With the blood oozing  
Wounds of heart  
Among the hungry lusty sharks  
I will return to my place  
Marathon running none stop  
Yet I will leave one slogan  
Written on the milestones  
On the lighthouse walls  
With my blood used as ink  
For the predecessors of the  
Similar journey of hearts*

*“Hark, hark, hark  
At earliest please disembark  
Love is a land with no map  
No roads, no seas, no roads  
It’s a hot desert of frenzy  
A caravan without leadership  
An ocean of wild storms  
And you are a captain  
Of a sinking ship  
Inch by inch losing thy grip  
Love is deadly snare  
A kinda poison sip  
No way a honeymoon trip*

*Farzana Aqib*

## ***Love in the season of moon***

*Your smell is embed in my soul  
I try cleansed my thoughts  
I did wash my heart  
I worked day and night  
To blow it out  
I smell coffee beans  
To feel other smells around  
Yet thine one is the strongest one  
It's clung,  
It's on the four walls hung  
Like a flash of light  
It's on the four ways strung*

*Like an Essen of a fruit  
Like a smell of a flower  
No matter how long you rinsed  
How often you sluice it  
It never leaves its taste  
After thousands wrung  
Thine love is turned chronicle  
It's will never be out sprung  
Your name is abrupt on my breath  
From silence to my tongue  
It comes first in all the music  
I every hum and lyric I sung  
Well when dusk settles down  
And darkness prevails  
Thine old thought of past  
My time spent with them*

*Makes me burst with life  
Make me feel absolutely young  
My battle of heart  
Is a story uncommon  
A legend of compassion  
A heroic tale, never heard or seen  
A love unrequired,  
A praise unsung*

*Farzana Aqib*

## *Defeat*

*When did I not want him,  
When did I concede  
When did I dare say no  
I was always surrendered  
I was always besieged  
I lowered my guard for his invasion  
I pulled my flags down  
In his honour  
My pursuit of love ruined his quest  
My climb down heart*

*Made his adamant  
My extreme love  
Made him stubborn  
I admit my dear self  
I corrupted my beloved  
With the overdose of love*

*Farzana Aqib*

## ***Victory***

*Desire for thee  
Was something more than love  
I wanted to write poetry  
On someone  
On some face humanly graced  
On some soul divinely adorned  
And body so spiritually designed  
A love for the Numen  
In the face of human  
Desire for thee was  
Beyond love lust*

*It was a seek purely abrupt  
A divinely conquest  
A wish so intense  
A dream at its best  
A poetry written like a candlelit  
As on some spiritual manuscript  
I chose you as my literary conquest  
As you stand out among the rest  
A candidate so rightly select  
And the ultimate strongest*

*Farzana Aqib*

## ***Beware of love***

*Cigarette ash*

*Grey and white*

*Like my bone and flash*

*All burnt, fallen and smashed*

*Only marks of love*

*Visibly naked, still breathing*

*With blinking eyelash*

*Behind coal black smoke*

*And dead dreams trash*

*Moon is still bright*

*Night is still alive*

*Only comet of love is falling to crash  
Ruffian love gnaws souls into skeleton  
It leaves hearts into a mash  
Fake promise, falsely displays  
Deceiving tricks, snares and traps  
Love these days is mere eyewash*

*Farzana Aqib*

## *Apotheosis*

*Tonight is one of the  
Strangest nights  
Where pang of heart is unfastened  
And all the bugs of remembrance  
Creeps on my heart  
And all the light warms  
Drizzle down my eyes  
Where time reminiscing  
Like stardust trickles in the veins  
Tonight is one of the delirious nights  
Filled with illusions,  
And incoherence*

*You are not next on my pillow side  
Yet I fell thine existence  
Is it hight of my love for thee  
Or hight of my love frenzy  
Together they make me unique  
I dwell in my solitary peak  
For days and days  
For weeks and weeks  
In my creative high  
In my poetic chic  
In my apotheosis believe*

*Farzana Aqib*

## ***My stranger***

*It was necessary to leave  
It was necessary to love  
You do what suits thee  
Now act as you wish to be  
Now erase my name form heart  
Become someone as he  
Call me someone as she  
If on the crossroad of life  
You encounter me  
Turn your gaze away  
And ask thine friends*

*Who is she,*

*"I wonder....*

*"Do we know each other..*

*And politely I will utter*

*"I don't' recall either"*

*Farzana Aqib*

## ***Destiny story***

*This was my story*

*You were only the character*

*Destiny hunt you like predator*

*You were chosen to be silent*

*I was made a narrator*

*I was given pen and ink*

*You were on the mercy of director*

*Farzana Aqib*

## ***One heart two stories***

*One year of grief*

*One sigh of relief*

*One pang of heart*

*One soul got freed*

*One love two hearts*

*One loves*

*Another discards*

*One seek to the optimum*

*Another hates to the maximum*

*One half eclipsed*

*One half bright*

*For me you are the brightest side*

*Farzana Aqib*

## ***Pain shapes hearts***

*Moments die*

*Stars turn blind*

*Flower wilt*

*Gardens wither to a*

*Dreary dull brown*

*But when love turns insipid*

*It gives more flavor*

*It burns into a mystic light*

*Like some aromatic scent*

*Don't you see my gleaming*

*My tears polish me every night*

*And my grief adorn me*

*With more delight  
Like a candid flame  
I am more visible in darkest sights  
I am like a burning reverend deity  
In the temples, in the mundirs  
On the shrines, near the mosques sites  
Love turns bewitching and appealing  
When sad and quiet*

*Farzana Aqib*

## ***In the line of quest***

*How you patched this madness  
In my soul  
How you stitched my torn attire  
In a kingly bearing  
So regaled and matchless  
How you made me whirl in silence  
How you watch my frantic dancing  
How you smile on my frenzy  
On my anklet tinkling chime  
Meet me sometime  
When I am all yours  
In divinely energy  
Completely lost in thine reverie*

*Farzana Aqib*
